DETAILED ACTION

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims s 1-3 and 5-20 are rejected under 35 U.S.C. 102(b) as being anticipated by Kodim(6,094,190).

Kodim discloses an input generating device comprising a planar core(i.e., bottom portion of 7) including a peripheral edge around the entirety of the core(i.e., the top portion of the core 7), a flexible track(8), a first input detection means((11) which is a turns encoder, a channel(8a', 8a"), a plurality of track segments(8a, see figures 9 and 10), a depressible component(13), a second tactile input detection(14), a carriage(14 and the vertical bore for mounting ball(17) and a housing(2), see columns 7 and 9-10) which all function as claimed.

3. Applicant's arguments filed 9/12/07 have been fully considered but they are not persuasive. Applicants in their remarks have argued that "Kodim does not disclose or suggest a planar core, it is submitted that Kodim cannot anticipate claims 1 and 14". In response thereto, it must be pointed out that the bottom portion of core(7) is in fact planar, just like the presently claimed invention.

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mike Fatahiyar whose telephone number is (571)272-7688. The examiner can normally be reached on Monday-Friday from 9:30 to 6:00.
